

# Welcome to Marymoor Park

While ancient customs such as fishing and gathering continue to this day at Marymoor Park, they are complemented by newer activities such as rock climbing and bicycling. Located on both the Sammamish River and Lake Sammamish, 6046 West Lake Sammamish Parkway Northeast, Marymoor Park is one of King County's most active parks. At Marymoor, you can start a journey on major trails, play ball, fly a kite or model airplane, explore historic museums, climb, take the Velodrome, fish, hike, study the interconnector, and more.

**Volunteer in Parks**, also King County Park System program. Volunteers are a network of public parks and work to conserve, protect and improve park areas.
